Consultation Meet

Consultation on journey of initiative for quality education on 25th April 2019

Since the enactment of the Right to Education Act 2009 State has been implementing quality initiative: -- CCE or Continuous comprehensive evaluation. This took up a holistic framework involving all the units and elements of elementary education and was transformed as quality education in primary grades as SIQE or State Initiative for Quality Education.

Time has come now that we look back and reflect on existing SIQE programme and make an action plan for the coming years addressing the barriers and bottlenecks to achieve results for children of our state.

In view of this Samagra Shiksha Abhiyan Rajasthan in collaboration with UNICEF Jaipur is organizing a consultation on 25th April 2019 to share journey of quality initiative started in the year 2010 as CCE programme for primary classes.

Objective of the workshop to have a shared understating journey of the initiative keeping in mind following aspects:

- Conceptual framework of the programme
- Teacher Education system for quality initiative
- Education Management for quality learning
- Shifts in the ethos of schools

This would help state understand barriers and bottlenecks encountered during the journey and strengthen the Programme addressing the same.

We are happy to invite you to make a presentation on the topic (as per the attached agenda) and contribute in the discussions.

Enclosed –

1. Draft Agenda
2. List of Participants
